Hi Rick,

I spoke to Dennis about also inviting Nancy Stoner on this trip. He'd like to extend that invite. Kendra can help with that through her special assistant network if that will help.

Thanks

Dennis and Bob,

I proposed piggy backing your site visit to Alaska onto a Mining Training we have scheduled in Alaska Native Villages in the vicinity of the Pebble Mine. That will take advantage of the fact that our Mining Team Leader, our Bristol Bay Team Tribal Coordinator and I will all be there. The best dates for that training are Thursday and Friday, June 2 and 3, 2011. Following is a proposed itinerary:

~~Tuesday, May 31: Travel to Anchorage or Iliamna~~

Ex. 5 - Deliberative

This is a bare bones proposal. We can of course add side trips or meetings in Anchorage but trips to rural Alaska are long and can have long delays due to weather, etc.
Iliamna is a central location for many of the folks you met with yesterday and Dillingham is a central location for villagers along the Nushagak River.

Please let me know if these dates will work and we will put everything into motion. Thanks

Hi Rick -

Tami and I spoke this afternoon about planning a site visit for Dennis and Bob S. along with our planned mining training. We had already tentatively planned to have the mining trainings on June 2 and June 3. These times were identified by tribes as optimal since there is a planned meeting in Dillingham that will be bringing folks in that week and it is before fishing season.

Following is a recommended itinerary.

Ex. 5 - Deliberative

Can you please confirm that these dates will work for you, Dennis, and Bob ASAP. We need confirmation since we want to give the villages lots of lead time and we are coordinating the mining training with the State and Corps. In addition, it takes a while to plan logistics (meeting rooms, need for charters, etc.) and we need to confirm lodging, which books up fast.

If these dates don't work, it is possible that we could plan for a site visit on Monday June 6 and mining trainings on June 7 and 8. However, that means traveling on Sunday. We do not want to plan anything after June 8 or 9 since fishing season will start and we will lose attendance. The next available dates would probably be in late August/early Sept.

Give Tami or I a call if you want to discuss.

- Patty
